## PRO brush sealings - Saving energy!

**Energy is expensive. With Osborn PRO Brush Sealings you will save energy. Because they are an effective sealing for any kind of doors, gates and windows of buildings. Moreover they ensure protection against coldness, draught, pest, dust and noise.**

The high-grade pure horsehair-filling ensures an optimum isolation and sealing effect, flexibility, UV-resistance as well as a long life-time. The h- and F-profile Aluminium extrusions are excellent in regard of optics and stability. We are offering ex stock an extensive product range in trimm-length of 15, 25, 35 and 45mm as well as total length of 1000,1200 and 2000mm with or without extrusion.

## Professional sales and packing concepts

We are well versed of the marketing and sale of high quality brushes. As well as in the classic sales channels and the e-commerce. With your individual experience we can develop good ideas in common, source new sales potential and therewith increase turnover. Talk to us. Together we work out an individual profile of requirement for your specific target group, frame a optimal range structure, create a professional product presentation, plan sales actions.

An adequate packing belongs to a successful sale of high quality products. The name OSBORN PRO stands therefore for professional presentation- and packing concepts.

Optical attractive packing having an advertising appeal as a standard with an OSBORN PRO Label Design.

If desired with your individual fashioned PRIVATE LABEL Design. Helpful product information and bar code markings (for optimal logistics) will be placed on the back by means of labels.

Profit of our Know-how in the trade segment and develop additional sales potential together with us.
